- a. a memory medium; and
- b. a computer program stored on said memory medium, said computer program containing instructions for implementing a graphical user interface permitting capture of prescription information and providing access to one or more of (1) information about a patient's medical history, (2) information about therapeutic agents and (3) information about individual prescriber activity.--

REMARKS

This Preliminary Amendment is being filed concurrently with the filing of a Rule 53b continuation application. This Preliminary Amendment includes all amendments made to the

Rule 53(b) Continuation of  
Serial No. 08/942,372

specification, drawings and abstract in parent application Serial No. 08/942,372 and grandparent Serial No. 08/330,745. All original claims have been cancelled and new claims 1-33 have been added.

The copy of the specification provided was taken from the file history of the parent application. Certain changes to the text, made by the docket clerk during the prosecution of the parent(s) have been allowed to remain on the copy submitted since those same changes are being made again in this application by preliminary amendment. This should facilitate entry of the preliminary amendment by the docket clerk.

To the extent necessary, a petition for an extension of time under 37 C.F.R. 1.136 is hereby made. Please charge any shortage in fees due in connection with the filing of this paper, including extension of time fees, to Deposit Account 500417 and please credit any excess fees to such deposit account.

Respectfully submitted,
